

Taekwondo e-Poomsae Competition

"BALTIC WAVE 2021"

Well done everyone! There are all result!

Remember that we are online, all judging are in live.

Sometimes we are faced with problems that we cannot control, such as the Internet. As our judges in the court are international judges, their locations are different, so each judge puts his points at his own pace. We look forward to understanding, because our IT specialists are professionals, they organized world-class competitions for Great Britain, and this time they are helping us to Latvia.
